READY FOR THE FUTURE

International programme for everyone aged 14 to 24

The DOFE programme is based on three areas you regularly focus on: **Physical Recreation, Skills and Volunteering**. Choose anything you enjoy within these areas – from skateboarding to playing the piano to walking dogs from the shelter. It doesn't matter if you start from scratch or you already have experience with the activity. The important thing is to set a goal that motivates you and makes you progress. Finally, you will set off on a few days' **Adventurous Journey** with friends. Don't worry about being on your own, you'll be supported by an experienced leader as you carry out the programme.

At the end of the DOFE experience, you will receive an internationally recognized certificate that will interest both the foreign university and the future employer. But the most important thing about all this is that you get better at what you enjoy, you get to have a lot of new experiences, you will meet new people and **get ready for the future**.
